*Cornet Technology Inc. welcomes Congressman Don Beyer (D-VA-8)*

#### **Springfield, Virginia, March 23, 2022 –**

Cornet Technology Inc. welcomed Congressman Don Beyer to the company's Springfield, Virginia facility on March 23. Congressman Beyer represents Virginia's 8<sup>th</sup> Congressional District, which includes Cornet's headquarters and manufacturing facility. Beyer sits on the House Ways & Means Committee as well as the Science, Space, and Technology Committee, where he chairs the committee's Space and Aeronautics Subcommittee.

Beyer received an overview of Cornet's thirty-three year history as a tactical and secure communications provider to the military and first responders. He also toured Cornet's

manufacturing line and saw first hand Cornet's role in providing cutting edge shipboard exterior communications equipment for the US Navy.

### **About Cornet**

Cornet Technology, Inc., founded in 1989, is a privately-held Small Business that designs, engineers, and manufactures a wide range of advanced Command, Control, Communications, Computer, Intelligence, Surveillance, and Reconnaissance (C4ISR) solutions for the aerospace and defense industry, first responders, and militaries around the world. Cornet Technology is headquartered in Springfield, Virginia.
